Subject: RE: (CWA - FY14-114244-3709-CV) Referred to Region - West Virginia

Hi Matt,

We do have On-Scene Coordinators deployed to the incident. We've established a response website at: www.epaosc.org/CharlestonWVChemicalLeak

The website is written by OSCs for other OSCs to share technical documents, however it is open to public review. Please feel free to share this url with interested callers.

Thanks.
